HIGH SCHOOL TO HOLD FIRST DAYTIME COMMENCEMENT SUNDAY AFTERNOON AT 4:30

Washington Union High School will hold the first daytime commencement exercises in its 51 year history this Sunday afternoon at 4:30 o'clock, Superintendent A. J. Rathbone announces.

Abbreviated war-time exercises will be held on the school stadium when diplomas will be presented to 106 graduates, and five night school graduates. Special commencement exercises were held early last month for the 15 Japanese seniors prior to their evacuation from this prohibited area.

Those to receive their diplomas Sunday afternoon are:

Alice P. Abel
Laura P. Abel
Rolland Grant Adams
Tony C. Alonzo
Santos Alvarez
Howard A. Alves
Helen Elaine Amaral
Mayme Bernadine Bernard
Edward A. Bettencourt
Frank Joseph Borghi, Jr.

EVENING HIGH SCHOOL GRADUATES

Anthony S. Coelho
Adam Edward Lewis
Arthur Anthony Lewis
Mervin Richard Santos
Louis Alfred Sessa

* * *

The program will be presented by students including Joy Brown, Cleone West and Walter Texera, speakers; musical numbers by the girls' sextette composed of Yvonne Soares, Lillian Harvey, Shirley Gaunt, Loretta Lewis, Evelyn Bettencourt and Doris Alameda; trumpet trio by Santos Alvarez, Donald Lemas and Elden Mohn; numbers by the a cappella choir and the orchestra.

Life membership certificates in the California Scholarship Federation will be awarded to Joy Brown, Cleone West, Arthur Kimber, Anthony Maciel and Henry Borghi by M. J. Overacker, chairman of the board of trustees, who will also present the diplomas.

Awards for perfect attendance will be made by J. V. Goold, vice-principal.

Father T J. Hennessy of the Corpus Christi Church has been asked to offer the invocation and the benediction. A reception for the graduates will be held in the gymnasium following the program.

The five students who have completed their high school education in night school classes are Adam Lewis, Arthur Lewis, Louis Sessa, Anthony Coelho and Mervin Santos.

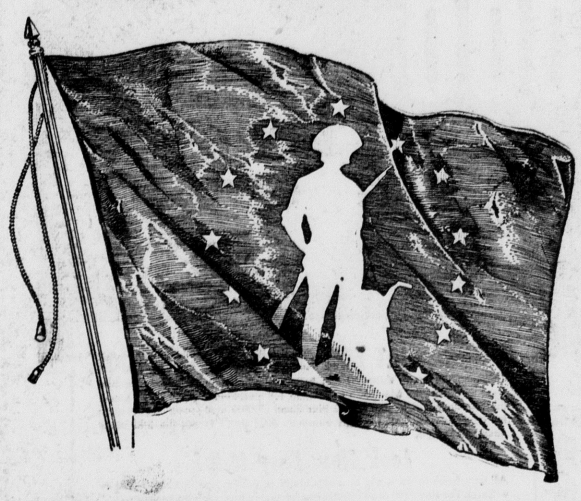
SYMBOL OF PATRIOTISM



MINUTE MAN FLIES HIGH. This is the new Minute Man War Bond Flag, designed by the Treasury Department for firms and organizations which attain more than 90 percent participation in War Savings Bonds purchases by their employees or members through a systematic purchase plan. The Minute Man is emblazoned in white on a blue background, surrounded by thirteen stars, representing the Nation's thirteen founding States. When companies, labor unions, and other organizations top the 90-percent figure, they will receive a special Minute Man Certificate of Award signed by Secretary Morgenthau, the State Administrator, and the State Chairman of the War Savings Staff, the Treasury Department announced. This certificate entitles the recipient to fly the flag, which is being manufactured in various sizes and is sold by licensed suppliers at a nominal price.

DO TOWNSHIP MEN WANT STATE MILITIA COMPANY

COUNTY FARM ADVISOR EXPLAINS REQUIREMENTS TO JUNIOR CHAMBER

County Farm Advisor T. O. Morrison of Hayward attended the Tuesday dinner meeting of the Niles Junior Chamber of Commerce at the City of Florence Restaurant and explained the details of the State Militia companies now being formed throughout the state under orders of Governor Olson.

These companies of men from 16 to 65 years of age can only be called out to serve in the event of an enemy invasion, and then only within the boundaries of their own county, he said.

There is no pay at any time, no guard duty, and the state assumes no liability for injury, he said. An important point in favor of belonging to a militia company is that a civilian who takes up arms against an enemy can be shot by the enemy as a spy, if captured.

But a man in uniform, when captured by the enemy is treated as a prisoner of war. Men and boys signing up have to possess a rifle of heavier caliber than a .22, and must have their own ammunition. They must also purchase a plain uniform at a cost of about $5.

They arrange their own drill periods, elect their own officers, and as there is no pay involved, the Militia cannot be regarded as a political organization. The State Militia is patterned on the Home Guard of England, which now has 2,000,000 fully trained and armed men behind the lines, in addition to the regular troops.

Anyone interested should contact this newspaper, where full details are now on file.

— British Home Guard

Charles Martin of the Peterson Tractor company in Hayward showed a sound motion picture of the Home Guard at work in England.

P. T. Meyers of the Farm Bureau office backed up Mr. Morrison's presentation with an able summary of war conditions as they effect our West Coast, pointing out that our prevailing coastal summer fogs would assist an enemy in attempting a beach landing or parachute-borne invasion.

Jack Parry presided over the business session for the last time, as he is being inducted into service this month. Ed Enos presented the president with a fine leather wallet as a going-away gift with the best wishes of the Chamber. In acknowledging the gift the president said he would be back and was looking forward to the day when the members of the Junior Chamber could shoulder shovels and climb the hill and "unveil" the big concrete NILES sign above town as a symbol of victory.

— Blood Bank Signup

Ed Enos was made chairman of a blood bank project and now has at the Niles Postoffice a sheet upon which any man or woman over 21 years of age and in good health, can sign up to donate a pint of blood to the county bloodbank. When the list is large enough a mobile unit will be sent for, or arrangements will be made to transport the group to some Oakland hospital where the blood will be taken.

As the vice-president, Joe Hoffman of Kraftile, is also going into service soon the board of directors will meet to name a new president to finish out Parry's term.

A. B. Leask was asked to write the Peerless Stage company and the State Railroad Commission to find out if a morning stage now running between Centerville, Newark and Palo Alto could not be extended to start its run from Niles, to save defense workers from having to use their own cars going to and from work.

JAPANESE HELD FOR ENTERING PROHIBITED AREA

CENTERVILLE — A young Japanese boy, John Ura, 19, born in Oregon and a graduate of Washington High School was picked up by Sheriffs deputies near here a night last week.

Among his possessions was found a shortwave radio set said to be stronger than those used by the sheriff's department. He is said to have slipped away from the Tanforan assembly center and is being held to face charges of entering a forbidden area, an alien travelling without a permit, and possessing a contraband radio.

RATIONING BOARD HOURS SHORTENED

Because of the quantity of records to be sorted and filed, and the fact that the Washington Township Rationing Board only has one paid full time clerk, the Board has found it necessary to shorten the hours that the office is open to the public, in order that the records may be kept in order.

George Roeding Jr., chairman of the Board advised this newspaper Wednesday afternoon that effective now the board office will be open to the plblic during the following hours only:

Monday and Tuesday: 10:30 to 4:30 o'clock.

Wednesday: 10:30 to 12 noon. Closed all afternon.

Thursday and Friday: 10:30 to 4:30 o'clock.

Saturday: 10:30 to 12 noon.

LOTS OF TROUT

A very successful trout fishing party was enjoyed over the weekend by a group of local sportsmen who went seven miles up the mouth of the Garcia river in Mendocino Caunty. They all caught limits. Enjoying the trip were Jack Vieux, E. E. Dias, Tom Wilson, George Smith, George Rose, Mario Moise and three men from around the bay. Driving up the coast was not permitted after dark because of prevailing dim-out regulations.

WESTVACO LEADS SOFTBALL LEAGUE AT CENTERVILLE

NEWARK — The Westvaco softball team under the managership of Pete Nunes from the town of Newark is now leading the Washington Softball league with three straight wins and no losses. Native Sons under the managership of Joe Dutra is only one game behind Westvaco, and expects to take the league leadership away from Westvaco as the Native Sons club will be idle this week and Westvaco must play two tough teams this week, Knights of Columbus on Monday evening and the Occidental CIub on Wednesday.

If there are any softball fans in the Township who have not been present at any of the games, they should make it a point to attend the first game, Monday evening, June 8 when Westvaco of Newark tangles with Native Sons. On opening night of the softball park recently Native Sons, now in second place, nosed out Westvaco, the present league leaders.

As soon as material can be received to repair the Public Address System to continue announcing play by play of the games at the park, fans sitting in their cars will again enjoy this privilege. Kenneth Ferry, field manager, states that the public address system should be ready to operate on Monday evening, June 8. Mr. Ferry would also like to announce that all cars that park on the third base line, should park on foul territory and not on the playing field, especially in deep left field.

Results of last week's games:

Monday evening in the first game Wedgewood upset Occidental in an eight inning thriller by a core of 4 to 3. Vargas was the winning pitcher, while Telles was the losing pitcher. Wedgewood scored the winning run on a basehit and three consecutive walks.

In the second game Central Chevrolet thumped Knights of Columbus by a score of 22 to 9. Len Herold was the winning pitcher. Pat Luna for the losers hit a home run.

On Wednesday evening Woodmen of the World, the last team to enter the league, upset last year's champions, Native Sons by a score of 3 to 1. The Woodmen scored all their runs on faulty playing at the hands of the Native Sons. Larry Rogers was the winning pitcher.

Westvaco, league leaders, in the second game shutout their rival team from Newark, Wedgewood by a score of 5 to 0. "Lefty" Miller was the winning pitcher.

On Friday evening, Native Sons defeated Knights of Columbus by a score of 7 to 4 with Ornellas getting credit for the victory.

In the second game Larry Rogers for Woodmen of the World pitched a no-run, no-hit game to defeat Central Chevrolet 14 to 0. Rogers struck out eight men and pitched beautiful ball.

WASHINGTON TOWNSHIP SOFTBALL STANDINGS

Teams	W	L	Pct.
Westvaco	3	0	1.000
Native Sons	3	1	.750
W. O. W.	2	1	.666
Occidental	1	2	.333
Central Chevorlet	1	2	.333
Knights of Columbus	1	3	.250
Wedgewood	1	3	.250

HOUSEWIVES MAY APPLY NOW FOR CANNING SUGAR

And here's the low-down on the sugar-for-canning situation as it applies to Washington Township as given to this newspaper Wednesday by the Township Rationing Board in the old telephone company ofice at Niles.

Housewives who plan to do any canning at all this season are asked to write down the number of quarts of fruit they put up last year, subtract from that the number of quarts still on hand, then estimate the number of quarts of the different kinds of fruit they plan to put up this year.

If the net result is 60 quarts to be put up the housewife may then apply for 15 pounds of sugar, or one pound of sugar for each four quarts of the finished product. In addition you will be granted one pound of extra sugar per person in the family with which to make jelly.

This application is to be made only once for the entire year in Washington Township, because the local Board is under-staffed and cannot handle repeated applications from the same persons each time a new crop of fruit comes ripe.

The special OPA forms now on hand at the Niles Rationing Board office also require that the person applying shall state the amount of sugar now possessed by the family for which application is made.

Bring your stamp books with you for the entire family; figure out in advance how many pounds of the various fruits you plan to preserve, then make your application but once for the entire canning season.

The Board will issue special sugar purchase certificates in most cases, except where the amount of canning sugar applied for is out of proportion to the amount normally consumed by an average family.

If you make application without being able to state in writing exactly how many quarts you are going to can, you are wasting the Board's time, — and your own.

The smart housewife will apply for her sugar first before she gets in her fruit, so she can have her sugar on hand when she is ready to use it.

The Board office at Niles is closed Wednesday afternoons, as this is the time the board members, George C. Roeding, Jr., Mrs. W. H. Ford and A. W. Ebright go over the large number of applications for tires, new cars and typewriters.

As the OPA regulations issued from headquarters change frequently a procedure which is in force this week may change next week. The public is asked to be patient while rationing regulations are clarified.

Coming Events

FRIDAY

Noon: potluck luncheon and installation of officers, Martha Sanford Circle at Niles.

2:30 p. m. Graduation exercises, Mission San Jose School.

Graduation exercises, Newark Grammar school

8 p. m. C. D. Coordinating committee meets at Centerville justice court.

9 p. m. Senior ball at high school.

SUNDAY

4:30 p. m. Commencement exercises, Washington Union High school stadium.

TUESDAY

1:30 p. m. Niles P. T. A. installation.

THURSDAY

Noon: Phoebe Hearst Council luncheon at home of Mrs. Justine Adams, Irvington.

2 p. m Native Daughters public card party at IOOF hall, Niles. Benefit of Red Cross.

SUNDAY SERVICES

Morning worship will be held each Sunday morning as usual during June at the Niles Congregational Church, the board of trustees wishes to anounce. Nearby Pastors from Hayward and elsewhere are being asked to conduct services for each of the four Sundays.

EPISCOPAL CHURCH ISSUES SUMMER SERVICE SCHEDULE

CENTERVILLE — Meeting last Sunday evening, members of St. James Episcopal Church, Centerville, accepted Bishop Karl Bloch's plan for carrying on the mission's work.

Throughout the summer, the Reverend T. Cecil Harris, newly elected rector of the Episcopal church in Hayward, will conduct vesper services at 7:30 on Sunday evenings. On the first Sunday of each month there will be no evening service and Holy Communion will be administered at 9:30 in the morning. Next Sunday morning, June 7, the first service under the new arrangement will be held.

Mr. Harris comes to California from the Arizona mission field with a distinguished record in religious education among the Navajo Indians.

GEMS OF THOUGHT

EXPECTANCY

All earthly delights are sweeter in expectation than in enjoyment; but all spiritual pleasure more in fruition than in expectation. — Feltham.

By every part of our nature we clasp things above us, one after another, not for the sake of remaining where we take hold, but that we may go higher. — H. W. Beecher.

With regard to one's work the desirable feeling is always to expect to succeed and never to think you have succeeded. — Thomas Arnold.

The little done vanishes from the sight of him who looks forward to what is still to do. — Goethe.

CHRISTIAN SCIENCE CHURCHES

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, a Lesson-Sermon will be read Sunday, June 7, on the subject "God the Only Cause and Creator." The Golden Text will be: "Lord, thou art God, which hast made heaven, and earth, and the sea, and all that in them is," (Acts 4:24).

Bible selections will include the following passage from Acts 14: 8—10: "And there sat a certain man at Lystra, impotent in his feet, being a cripple from his mother's womb, who never had walked: The same heard Paul speak: who stedfastly beholding him, and perceiving that he had faith to be healed, said with a loud voice, Stand upright on thy feet. And he leaped and walked."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony," (p. 390).

SAFEWAY Homemakers' Guide

★ How you can win $1000.
★ About vegetables and how to cook them.
★ Meats that are guaranteed.
★ How one wife made one husband happy.

Eight Secrets you may not know —and should ..about vegetables

There's nothing elaborate or fanciful about the modern methods of preparing and cooking vegetables. On the contrary, the new way is much simpler—(as you'll discover when you read these hints that come from the Safeway Homemakers' Bureau).

These eight suggestions will help keep all the color and flavor and garden freshness in your vegetables—and, at the same time, will help them retain all their health-building vitamins and minerals.

1. To start, always buy the freshest, finest vegetables available. The older they are, the less attractive they become, and they lose some of their vitamins, too. Buy and use greens the same day, if possible.

2. When you get your vegetables home, wash them quickly—but don't let them soak in water, or you'll wash away minerals and vitamins. Put greens in a covered container, wrap other vegetables closely in waxed paper; and store in the refrigerator until ready to use.

3. Don't pare, cut or shell fresh vegetables until just time to cook or serve, because vitamins escape once cut surfaces are exposed to air.

4. Colors—red, green, yellow and white; and *flavors*—mild, strong—determine just how vegetables are to be cooked. But, to retain nutritive qualities and appetite appeal in *all* vegetables, here's a good general rule: *Cook quickly, as short a time as possible, using as little water as possible, and using cooking water when it is palatable.* Quick cooking means less vitamin loss, less color change. To speed the cooking, add vegetables to *rapidly boiling water;* and whenever possible, cook *covered.*

5. Green vegetables (to keep their color) and *strong flavored* vegetables (to modify their flavor) should be cooked *uncovered,* in slightly more water than other vegetables.

6. Add a little vinegar, lemon juice, or tart apple to keep the color in red vegetables (like beets and red cabbage) during or after cooking. But don't add these acids to green vegetables until just serving time, or the green will turn dingy brown. Don't add soda to preserve color in green vegetables, either, for soda kills vitamins.

7. Once vegetables are tender, serve them as soon as possible, to get full benefit in goodness as well as nutrition. Overcooking lessens attractiveness, sacrifices vitamins and minerals, and may cause unpleasant color changes.

8. When you cook vegetables in a small amount of water, it's easy to serve the condensed cooking water with the vegetable itself. Save any leftover liquid to flavor soups and gravies—unless, of course, it is unpalatable.

More about cooking vegetables

In this week's issue of Family Circle Magazine is an interesting article on the modern methods of vegetable cookery, and on nutrition in vegetables. Issued every Thursday, *free* at Safeway.

Speaking of dairy products you ought to read this

Whole milk is one of our most complete natural foods. It contains, in varying amounts, all the food elements we need. It's an *excellent* source of protein; the minerals, calcium and phosphorus; riboflavin and niacin (B vitamins). And it's a fair source of Thiamin (Vitamin B_1) and has some Vitamin A and D.

Cheese, made from whole milk, such as American or Cheddar, is essentially the same as whole milk, nutritionally.

Butter and Cream are most important, nutritionally, for the Vitamin A they contribute. As well as Vitamin D and protein or fat.

Dairy products at Safeway are all top quality. And not only are they brimming with nutrition, they are always low priced—*every day.* Guaranteed to please you completely or all your money back.

WHY, DARLING, THAT'S NOT SUCH A PROBLEM. LET ME SHOW YOU.
JOE, I'VE GOT A NEW CUSTOMER FOR YOU. TELL MRS. KENNEDY WHAT YOU TOLD ME ABOUT SAFEWAY MEAT.
WELL, MA'AM, SAFEWAY BUYS ONLY TOP QUALITY MEAT. WE GUARANTEE IT WILL BE TENDER AND JUICY EVERY TIME, OR ALL YOUR MONEY BACK. AND, BECAUSE SAFEWAY CUTS OUT NEEDLESS IN-BETWEEN COSTS, WE SELL MEAT AT MONEY-SAVING PRICES.
BOY, THIS STEAK IS WONDERFUL. NO MATTER HOW MUCH YOU PAID FOR IT, IT WAS WORTH IT!
BUT IT WASN'T EXPENSIVE. THAT'S THE MARVELOUS THING ABOUT BUYING MEAT AT SAFEWAY. BESIDES SAVING ME MONEY, SAFEWAY GUARANTEES EVERY CUT GOOD-EATING AND TENDER—OR MY MONEY BACK.

We're Sorry— but we're awfully proud too!

Our service may not be quite as fast as you've come to expect—for each day more and more Safeway men are joining the armed forces. We tell you this with pride and with the hope that you'll understand. For there isn't time to carefully train new people to take the place of experienced Safeway men. But our new people are all working hard to fill their shoes as fast as possible.

What You Buy With WAR BONDS

These huge 60-ton heavy tanks cost $120,000, and America's automotive and locomotive plants are turning them out on a never-ending assembly line. Our army uses light tanks, weighing 14 tons, and medium tanks of 28 tons also, but we favor the medium tank over the other two.

These heavy tanks are needed for certain phases of modern warfare, and with their thick armor and heavy-gauge guns they are almost unstoppable. They are considered superior in gun power, in maneuverability and in the power of their huge tractor motors to Axis tanks. Americans everywhere are helping to pay for these monsters of war through their purchase of War Bonds. Invest at least ten percent of your income in War Bonds every pay day. *U. S. Treasury Department*

MEN'S CLUB HEARS FINE TALK ON AMERICA AT WAR

CENTERVILLE—Robrt R. Gros, public relations counsel with the Pacific Gas and Eelectric company gave a scholarly address on America Meets the Challenge before 75 members and guests of the Washington Township Men's Club Monday evening, following a fine dinner prepared by the ladies of the Country Club, captained by their president, Mrs. Loren Marriott.

The speaker quoted Lord Halifax when he summarized his report on the progress of America's war effort, in these words: "Expect and prepare for a long war, then pray you'll be disappointed!"

Mr. Gros had appeared before the club on another occasion, when he spoke at the Christmas jinks enjoyed in the Memorial Hall at Niles in December, 1940.

President Jack MacGregor of Newark read the minutes of the last meeting held on October 16 of last year.: The membership voted $10 to send a Scout to camp again this summer and another $10 from the club to the U.S.O. campaign.

The speaker was wittily introduced by A. J. Petsche, manager of the P. G. & E. office in Niles. A recitation, piano and harmonica numbers were presented by members of the Decoto Elementary School, introduced by Mr. Musick.

W. T Lindsay led in a flag salute and the group sang God BIess America The next meeting will be held in the fall.

BERKELEY MERCHANTS FINALLY DEFEAT NEWARK SPORTSMEN

NEWARK — The Berkeley Merchants outplayed and outhustled the Newark Sportsmens baseball team Sunday at the Newark school diamond in their playoff game and as a result walked off with the lion's end of the score of 10 to 7. On Sunday, May 24 these same teams met at the Newark school diamond, but the game was called at the end of the thirteenth inning with the score standing at 8 to 8 due to players of both sides having to report to their jobs at defense plants.

Kolenberg who performed the chores on the mound for the Newark club was hit hard at times. The chief factor bringing about his defeat was the sloppy and lackadaisical support accorded him.

The merchants scored a run in the first inning which was the result of a series of errors. Newark took the lead in the second inning when they scored four runs, due to some robust hitting and a pair of miscues on the part of the visitors. The Sportsmen's lead was short-lived, as the Merchants from Berkeley came back with two runs in their half of the third to make the score 4 to 3. Berkeley put on a barrage of two doubles and a home run in their half of the fourth, which netted them three runs and gave them a commanding lead which they never relinquished.

Next Sunday will be an open date for the Newark club as a number of players will participate in the graduation exercises at the Washington Union High school stadium at 4:30 p. m.

ENJOY PICTURES

CENTERVILLE — Mothers and daughters of the Country Club of Washington Township enjoyed a delightful afternoon Tuesday at the clubhouse here when Mrs. Gladys Williamson as program chairman had motion pictures of South America shown as the feature of the program. Small dressed dolls served as place cards.

BERCHEMS GIVE FAREWELL DINNER FOR JOHN PARRY

Mr. and Mrs. Nicholas Berchem entertained at an elaborate dinner in their home at Niles Sunday evening in honor of John Parry, who is entering the armed forces this month. He was presented with a gift by his host and hostess.

Enjoying the Berchems' hospitality in addition to the guest of honor were his mother, Mrs. Catherine Parry, his brother Tom; Miss Margaret Berchem, Mr. and Mrs. Tom Estudillo, Miss Wilma Martin, William Silva, Alfred Rebello, John Berchem, Julies Berchem and a friend, D. Delano, who are on leave from the Navy; Amador Pratali and Miss Georgiana Stewart.

The good wishes of all of "Jack's" many friends at Niles go with him in his new and great adventure.

NILES LOCALS

Miss Rosemary McDonald
Correspondent

Mrs. Dorothy Nickel, proprietor of the Niles Sweet Shop is leaving this week for a vacation visit in Missouri.

Private First Class Willis Myrick has recovered from his recent appendix operation and came home to Centerville last Thursday for an eight day furlough from Camp Roberts. What was his surprise to find his older brother James also home on leave from Fort Ord. The brothers had not seen each other since Thanksgiving.

The ugly gash remaining on one side of H street from the laying of storm sewer pipes several months ago was finally filled in and levelled off late last week. The dirt in the fill had to settle and dry out before the surface finishing could be done.

Charles Middleton now has his left arm out of the cast he has been wearing for the past two months, and is resuming his duties as building custodian at the Niles Congregational Church.

A. M. Hallstrom of the P. G. & E. substation is enjoying a two weeks vacation fishing in the Pitt River in Northern California.

Washington Township Post, American Legion has selected Ernest Machado to attend Boys State, which will be held at Davis from June 20 to 27 this year, with Ed Brazil named as alternate.

Miss Rosemary Clark, daughter of Mr. and Mrs. Edward F. Clark was married on Saturday afternoon to Mr. William R. Strong at Saint Thomas Church in Reno, Nevada.

Mrs. Leon Vieux, Jeanette and Yvonne Vieux spent Sunday in San Francisco.

Word has been received from Mrs. George Sladek of Lincoln that she has returned to her home after spending several weeks at the hospital.

The Past Presidents Club of the Y. L. I. held their regular meeting at the home of Mrs. Hortense Avilla last Tuesday.

The Friendly Sewing Circle will hold their next meeting on June 8, according to Mrs. Olive Pugmire, president of the group. Mrs. Lilly Butterfield and Mrs. Rose Fournier will be hostesses.

The Laura Loma Parlor of Native Daughters gave Mrs. Ruth Vieria of Centerville a house warming on Friday night. Mrs. Vieria was presented with a gift. The evening was spent at cards and refreshments were served.

Mr. and Mrs. A. J. Wilbe of Palo Alto are residing at the residence of Mr. and Mrs. H. Houghton of Niles.

SENIORS ARE GUESTS

IRVINGTON — Monday night the dozen Seniors of the Washington Union High School living in Irvington and their guests were honored at a dinner party given by Mrs. Carl Mohn and Mrs. Lewis H. Adams in the garden of the latter's home. Music and games were the diversions of the evening.

ALVARADO GIRL SETS WEDDING FOR JUNE 14

ALVARADO — Miss James Elaine Sallee, daughter of Mrs. E. F. Sallee, Alvarado Grammar School teacher, will become the bride of Max Benito Sanchez of San Leandro at a home wedding here on June 14.

Judge T. I. Fitzpatrick of San Francisco, Miss Sallee's uncle, will perform the ceremony in the presence of relatives and a few intimate friends. The couple will reside in Reno, where the groom-elect is chief pilot for the Gustavson Air Service. Miss Sallee graduated from Anderson High school and attended the Sacramento Junior College.

ON THE OFFENSIVE AMERICA!

Wars are won by attacking, not by sitting in a fort!

And today America is taking the offensive against the Axis with hard-fighting, non-stoppable men and materials!

We're taking the offensive, too, against the enemy at home—the inflationary 6th column that blows prices sky high.

You can help in both fights by saving at least 10% of your money in U. S. War Bonds every pay day. Attack the Axis with your dollars today.

You can start with as little as a 10c War Stamp and you can get a $25.00 War Bond (maturity value) for only $18.75—at your local post office, bank or other convenient sales agency.

MISS ROSEMARY CLARK IS BRIDE OF MR. WILLIAM STRONG

Mr. and Mrs. Edward Clark announce the marriage of their daughter Rosemary to William R. Strong at St. Thomas' Cathedral at Reno, Nevada on Saturday, May 30, at 4 o'clock. Miss Katherine Sullivan of Niles was the bridesmaid and Mr. Alfred Pierce of Niles was best man. The bride is a graduate of Washington Union High School and before her marriage was employed by the Pacific Telephone and Telegraph Company.

Mr. Strong is the son of Mr. and Mrs. J. A. Strong of Stoneville, North Carolina, is a graduate of the Stoneville High school, and is employed at the Pacific States Steel Corporation. Relatives and friends of the couple attended the wedding. They will make their home in the Ellsworth Apartments.

STUDENTS AWARDED SAFETY CERTIFICATE

By Arthur Thomas

Eight eighth grade boys from the Centerville Elementary School Junior Traffic Reserve were awarded county certificates. These junior officers faithfully performed their duties during the 1941-42 school year:

Harold Alameda, captain; Arthur Thomas, lieutenant; Adolph Enos, Norval Peixotto, Alfred Gomes, Henry Miyamura, Alwin Lewis, Ben Oku, sergeants.

HONOR MRS. PARRY

The next regular meeting of the Rebekah lodge will be held Friday evening, June 5 at the I. O. O. F. hall promptly at 8 p. m. according to Mrs Sena Carr, Noble Grand. The delegates will give their reports and after a short business session a reception will be held for Mrs. Catherine Parry, newly elected District Deputy President of District 53. Visitors from other Rebekah lodges in this district and the bay area are expected to attend. Mrs. Fern Mitte is chairman of refreshments assisted by Maude Siler, Irene Kibby Jennie Mohn, Anna Bradford and Olive Pugmire. Mrs. Rose Fournier is chairman of the program committee and Beatrice Stanhope has charge of decorations.

BIRTHDAY PARTY

NEWARK — A birthday party was given in honor of Theresa Standlin on her twelfth birthday at the home of her parents, Mr. and Mrs. J. Standlin last week. Games were played and refreshments were served. Those present were Loretta Caldeira, Nonie Beck, Alberta Hilton, Joe Hilton, Marjorie Callow, Frank Reis, Alfen Carter Ruth Cotton, Pratt D. Truscott, Faye Carter, Mervin Nevis, Yvonne Caldeira, Patty Standlin and Mary Webster.

ATTENDS GRADUATION

Mrs. E. D. Dixon Bristow attended her cousin's, Miss Frances VanTiger's graduation from the Dominican College at San Rafael last Thursday. She then spent the weekend at Marysville with the VanTiger family and returned home Sunday.

RALPH HOYT SEEKS RE-ELECTION AS DISTRICT ATTORNEY

I am today filing my declaration of candidacy for re-election to the office of District Attorney of Alameda County. Almost four years ago I was first elected by the voters of this county to fill this responsible position, after having served as Chief Assistant District Attorney for thirteen years. During my incumbency as District Attorney, this background of experience has been of the utmost value in the discharge of the varied and complex duties of this most important office.

In meeting these responsibilities, I have constantly kept in mind the necessity of maintaining the high standards of law enforcement which have prevailed in this county and have spared no effort to combat vigorously the attempts of organized criminal to obtain a foothold in our communities. Proper law enforcement demands that these standards be maintained with vigilance and courage and that the functions of the office of district Attorney be carried on with honesty and efficiency.

If re-elected, I pledge myself to continue to administer the office without partisanship and without relaxing the effort necessary to the security of life and property in Alameda County.

A new and grave obligation toward the citizens of this county has been placed upon the shoulders of all local governmental agencies by the entry of the United States into active participation in the war. This obligation arises out of the ever present twofold threat of sabotage and enemy attack upon our civilian population. Long before Pearl Harbor, this office was doing everything within its power to assist the local communities to prepare for the protection of the lives and homes of our citizens in anticipation of such an event. In this service it has been my sincere desire and purpose that through the cooperation of the local communities and of our citizens, the inhabitants of this county shall have the maximum of protection in the event of disaster, whether caused by sabotage or enemy action.

To this task, as well as in the performance of the normal fuctions of the office of District Attorney, I shall devote all of my energy, my experience and my ability.

RALPH E. HOYT

COUNTY'S PER CAPITA EXPENDITURES RANK FIFTH FROM LOWEST

Alameda county, with a per capita expenditure of $23.46 for general county government purposes in 1940-41, ranked fifth from the lowest among the fifty-seven counties of the state, according to a study of per capita expenditures for county government, made public today by California Taxpayers' association. These expenditures include subventions and grants received by the county government.

In 1935-36, when the county spent $16.26 per capita, the county's rank among the counties was eleventh from the lowest, the association stated.

Expenditures by the county governments throughout the state averaged $29.23 in 1940-41, compared with a state-wide average of 18.70 for 1935-36, an increase of $10.53 per capita, it was found. Use of per capita figures takes into consideration population changes, the association said.

"Major cause of the increase in per capita expenditures by the county governments throughout the state has been the huge increase in expenditures for relief. Of the $10.53 statewide increase between 1935-36 and 1940-41, $9.74 was for charities and corrections, which is largely relief costs and hospital expenditures," the association declared.

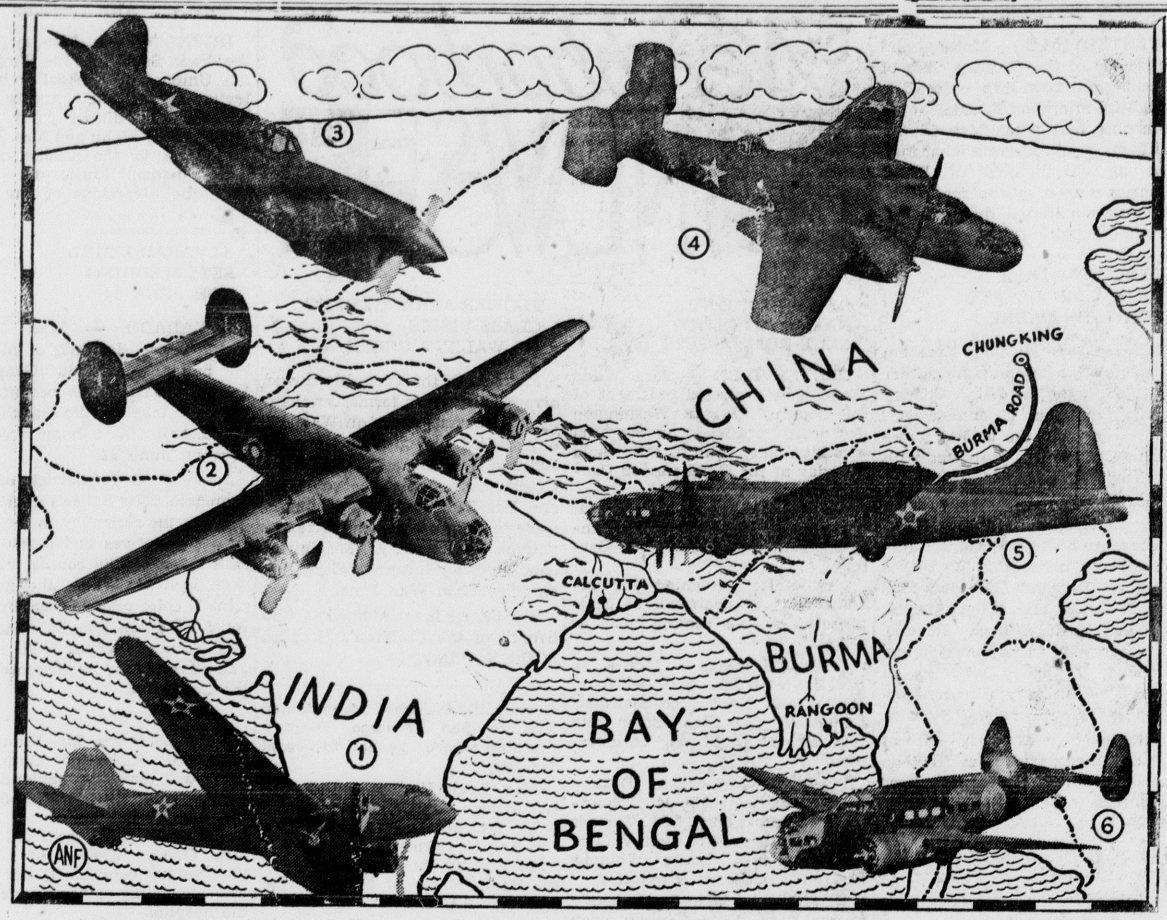
CENTERVILLE STUDENTS WIN POSTER PRIZES

By Norval Peixotto

The following students of the Centerville Elementary school won prizes in the 14th Annual International Poster contest conducted by the Latham Foundation.

Arthur Thomas, eighth grade, third prize, group three, $3.00.

Certificates of Merit were awarded to the following students in recognition of excellent work: Ben Oku, eighth grade, Beth King, and Melford Alameda, seventh grade; George Yoda, Sumi Inouye, Keida Shimizu and Hidiko Miyamura, fifth grade.



India, with her 389,000,000 people, represents a key position in the United Nations' Indian Ocean defense, and provides a principal link between China and the United States and Britain, now that the Japanese have cut the Burma Road. This area, as large as continental Europe, can be defended if adequate air strength is forthcoming, Far East military leaders agree. Great numbers of America's best fighting and cargo transport planes are being concentrated in that sector. In this specially-prepared montage, the Aeronautical Chamber of Commerce of America shows six of the types of United States-built planes which are now known to be based in or near India and already smashing at the enemy or being prepared for forthcoming campaigns. Starting at the lower left-hand corner and reading clockwise, these American planes are (1) Douglas C-47 troop transport powered with Pratt & Whitney twin Wasp aircooled engines—(2) Consolidated B-24 (Liberator) heavy four-engine bomber powered with Pratt & Whitney twin Wasp engines—(3) Curtiss P-40-E fighter, powered with Allison liquid-cooled engine—(4) North American B-25 twin-engine medium bomber—the plane used in large numbers in Brig. Gen. "Jimmy" Doolittle's recent successful bombing of Tokyo—powered with Wright Cyclone aircooled engines—(5) Boeing B-17-E Flying Fortress four-engine heavy bomber powered with Wright Cyclone engines—(6) Lockheed Hudson twin-engine reconnaissance bomber powered with either Pratt & Whitney or Wright Cyclone engines.

FINE BASEBALL SEASON ENDS AT CENTERVILLE

The Centerville Elementary school baseball team directed by Principal Thomas P. Maloney concluded a most successful season.

The highlights of the season were the no-run no-hit game pitched by Harold Alameda against the strong Niles Elementary school team; the heavy hitting of Adolph Enos, Alfred Gomes, and Harold Alameda, and the fine fielding turned in by Ben Oku, Melford Alameda and Alwin Lum.

Scores of games played follow:

Centerville 10	Niles 3
Centerville 17	Decoto 7
Centerville 9	Decoto 7
Centerville 12	Newark 5
Centerville 4	Niles 2
Centerville 10	Newark 4
Centerville 8	Irvington 5
Centerville 7	Newark 1
Centerville 5	Decoto 6
Centerville 9	Niles 0

The members of this year's splendid squad were:

Harold Alameda, catcher and pitcher; Melford Alameda, catcher and first base; Alfred Gomes, pitcher; Robert Silveira, second base; Masaru Minemoto, second base; Alwin Lum, third base; Ben Oku, short stop; Norval Peixotto, short stop.

Adolph Enos, left field; Arthur Thomas, Jiro Nakamura, Milton De Borba, centerfield; Irving Alameda, Anthony Dutra and Albert Aagundes, right field.

NEWARK

Eugene Pashote
Correspondent

A large number of relatives and friends of Mr. and Mrs. Joe Caldeira were present at a surprise birthday party held Saturday evening in honor of Mrs. Joe Caldeira at her home on Railroad Avenue. The evening was spent in playing cards and dancing. Refreshments were served and many beautiful gifts were received.

Assistant Chief Lawrence Costa and Fireman Orland Meneze of the Newark Fire Department attended a banquet and an important meeting of the Alameda County Association of Firemen held at the Fairmount hospital last Thursday evening in San Leandro. This was the first banquet and meeting held jointly since the outbreak of war on December 7.

The Newark Fire Department extinguished a grass fire near the residence of Mr. and Mrs. Sam Guerra Friday morning. No damage was done.

Mr. and Mrs. James Collins and children spent Sunday visiting relatives at Sacramento.

Eugene Pashote and Patricia Costa attended the Oakland-Sacramento Pacific Coast League baseball game Saturday afternoon at the Oakland ballpark in Emeryville. Oakland won the first game game 5 to 2, while Sacramento nosed out Oakland in the second game 7 to 6.

Mrs. Emma Alberts of Hayward and son Elvin of Stockton spent Saturday, Memorial Day, visiting at the home of Mr. and Mrs. J. A. LeGay.

Clifford Costa spent Sunday attending a graduation dinner given in Decoto at the home of Reddie Costa.

Joe Machado, Louie Caldeira, John Wilson, and Ruben Ferry spent Saturday at Monterey hunting for abalones. Each brought home a limit.

Mrs. Cecile Truscott and Mrs. Beatrice Costa attended a luncheon held at the Country Club in Centerville on Thursday.

Mrs. Ethyl Schmalholz returned home this week after spending two weeks in Sacramento visiting with friends.

Eugene Pashote and Patricia Costa spent Sunday at Boulder Creek and Santa Cruz.

Mr. and Mrs. Henry Fields and son Clifford spent the weekend at Boulder Creek.

A daily vacation Bible school opens at the Presbyterian Church here next Monday, Reverend J. L. Webster announces.

BENEFIT CARD PARTY

An afternon card party will be given for the public by the Native Daughters in the Odd Fellows hall at Niles next Thursday afternoon, June 11, with part of the proceeds to go to the Red Cross. Mrs. Joe D. Gomes is chairman of the event and invites the public to come and enjoy the afternoon.

NILES ROTARY CLUB NAMES CHAIRMEN

L. R. Burdick ,newly-elected president of the Niles Rotary Club, has appointed the following chairmen for standing committees for the coming year.

Club service, E. A. Quaresma; classification and membership, George Stratton; program, James Crawford; fellowship, Leonard Osmond; music, Barton Webb; vocational service, D. M. Kerr; community service, Robert Blacow; international service, C. W. Kraft; attendance, Clark Griffin; pinion, Louis Musick, and athletics, Dr. T. C. Wilson. Burdick heads the aims and objects committee.

BRIDES HONORED

IRVINGTON — Bride's Night was celebrated by St. Jude Institute No. 163 Y. L. I. at their last meeting on Tuesday, May 26. The new brides who were honored were: Isabel Vargas, Dorothy Silva, Amelia Vargas and Ann Syring. Each bride received a gift. The tables were decorated with white favors and white flowers. The centerpiece was a beautiful wedding cake. The entertainment for the evening was a mock wedding.

Mrs. Mildred Blacow, formerly of Irvington now living in Susanville graduated from the Lassen Junor College on May 31.

CANADIAN STARS IN ICE FOLLIES AT WINTERLAND

The same ambitions which led Shipstad and Johnson to create the Ice Follies guided Osborn Colson into being perhaps the greatest figure skater ever developed in Canada.

Colson is featured in the all-new Ice Follies of 1942, now showing nightly at Winterland in San Francisco.

While Eddie Shipstad and Oscar Johnson were climbing up the ladder with such success, they made professional appearances in Toronto. Each time they skated in the Canadian city, young Colson cut school classes to watch them. Meanwhile he entered amateur figure skating competition. At the age of sixteen he won the Canadian Junior title and for the next three years won the Canadian Senior Championship.

By 1937, having annexed every major Canadian skating title, he was face to face with the amateur-professional dilemma. He had turned down several offers by the time the long distance operator buzzed the Colson phone and announced, "Oscar Johnson calling Osborn Colson from Chicago". Ossie answered — both the 'phone and Oscar's offer.

He joined the Follies and has been in every show since, thrilling audiences from coast to coast with his brilliant performances. Still in his early twenties, he is modest to the point of shyness about his own success. And he still likes to watch Oscar and Eddie skate.

DECOTO NEWS

Mrs. Edmund Francis
Correspondent

Manuel Muniz, Tony Amaral, Allan Luna, and Eddie Caldeira, were among those who enjoyed the fights at the Oakland Auditorium on Wednesday evening.

Harry C. Searles is recovering from a strained neck.

Enos Pimentel of Watsonville has been visiting at the home of relatives here.

Mr. and Mrs. Edmund Francis attended a dinner and dance in San Jose on Saturday evening.

A large crowd attended the graduation exercises held at the Decoto Grammar School on Sunday afternoon. The graduates made a very pretty picture, with all the girls in pastel formals, and the boys in dark suits.

Manuel Monte, who is in the U. S. Navy, spent his furlough at the home of his parents here, Mr. and Mrs. Joe Monte.

Jimmie Gonsalves spent Saturday fishing at Half Moon Bay.

Manuel Cambra and several friends attended a dance near Napa on Saturday evening.

Mr. and Mrs. Louis King have announced the engagement of their daughter Jewell, to a Newark youth.

Mrs. Helen Milina entertained friends and relatives at her home here following the graduation of her daughter Marie, from the Decoto grammar school on Sunday afternoon.

Miss Beatrice Silva became the bride of a Centerville youth, at a ceremony performed in Reno several weeks ago. The bride is the daughter of Mr. and Mrs. Manuel E. Silva, and is a graduate of the Decoto grammar school and of Washington Union High school.

Mrs. Connie Amaral, Mrs. Jesse Perry, Mrs. Marian Zwissig, and Mrs. Ida Francis attended a dinner at the Cottage Inn in Oakland on Tuesday evening.

Mr. and Mrs. C. F. Salz and son Earle, spent the weekend visiting at the home of relatives in Stockton and Sacramento.

Mr. and Mrs. Joe Galarsa entertained friends and relatives at their home over the weekend.

I. H. Cox, who was employed in the office of the Jos. Pearce Canning Company, is now in the U.S. Army.

Jesse Seoane, Carmen Cortez, Alice and Laura Abel. Mildred Milina, Jesse and Tony Lopez, Jewell King, and Joe Perry, are among those who will receive their diplomas at the Commencement Exercises to be held at Washington Union High school on Sunday afternoon.

Walter Rose was taken to the San Jose hospital last week and is reported to be very ill.

Township Defense Activities

U. S. NAVY SENDS ITS ENDORSEMENT OF U. S. O. WORK

On April 17, the United States Navy, through its highest official gave new expression of their continued hearty endorsement of USO's services to the men in their branch of the nation's armed forces.

Secretary of Navy Frank Knox sent this letter to USO:

"No one needs a friend more than a sailor on liberty in a strange port after hours. days and even weeks of nerve-wrecking vigil in waters infested by powerful and relentless enemies.

"The USO is THE friend of today's American sailor when he goes on leave — either in cities on the mainland or in the offshore bases. The USO club is a place where his uniform is a card of admission and an assurance of welcome. USO means relaxation, entertainment or complete rest. It means a chance to do the many things for which there is no time on a combat ship in time of war.

"The Navy has made many demands on USO for the good of its fighting men. It will make many more. It knows it can count on the USO to deliver the goods."

From Admiral E. J. King, Commander-in-Chief of the United States Fleet, came this message:

"I have followed with interest and appreciation the development of the activities of the USO.

"I desire to express, on behalf of the officers and men of the Navy, Marine Corps and Coast Guard, hearty approval of the excellent work which has been begun — and to extend our best wishes and hope for continued success in its future extension."

Here in Washington Township the community chairmen held a report luncheon Monday noon in the high school cafeteria, reported good progress and a good reception by the public, with totals still far from complete.

WAR DEPARTMENT COMMENDS PACIFIC TELEPHONE COMPANY

Copy of a telegram addressed by Major General Dawson Olmstead to the San Francisco headquarters of The Pacific Telephone and Telegraph Company commending telephone service, was received here today by W. B. Sutherland, local manager for the company. The telegram, together with the reply of N. R. Powley, telephone company president, follows:

Washington, D. C.
May 20, 1942

The Pacific Telephone and
Telegraph Company,
San Francisco, California

You are rendering a vital service to your country in this time of war by the rapid and efficient manner in which you are doing your job. The Army commends you for rising to the new and greater needs of the Nation with spirit of loyal effort over and above your line of duty. Conduct of the war effort in your important section of the country demands dependable communications under all conditions. You are doing your part in holding the lines of communication for us.

Olmstead, Major General

* * *

San Francisco, May 21, 1942
Major Feneral Dawson Olmstead
Chief Signal Officer of the Army
War Department, Washington, D.C.

Our organization joins me in thanking you for your most thoughtful and inspiring message of May 20.

We assure you that we count it a high privilege to serve the Armed Forces of our beloved country and that we have dedicated all of our efforts to making our service a living tradition to our great nation.

N. R. Powley, President
The Pacific Telephone and
Telegraph Company

CCC WANTS YOUTHS

Young men between the ages of 17 and 23 who are not employed in defense industries, and who are not at present acceptable to the armed forces may make an important contribution to the war effort by enrolling in the Civilian Conservation Corps. Full information may be obtained from the local selecting agent in this county who is R. H. Carter, 129 - 12th St., (Jr. Div. U.S. Employment Service) in Oakland.

MARIN SHIPYARD OFFERS TRAINING TO BEGINNERS

Opening of the third and largest unit in the big pre-employment Industrial Training School System, being established in Northern California by the Marin Shipbuilding Division, W. A. Bechtel Co., will be announced shortly, R. M. Dorman, Director of Recruiting and training, said yesterday. The new unit will be located in the Ferry Garage, opposite the Northwestern Pacific Terminal at Sausalito and will be known as the Marinship Sausalito Training School.

The new school, it is expected, will be open to receive trainees about June 15, and when in full operation will have an instructional capacity of 762 students. This unit is in addition to the schools already established at Waldo, Marin County and at Eureka.

Training courses at the Sausalito school will include shipfitting, burning, rigging, blueprint reading, and welding. Courses at Waldo also are being expanded to include chipping and caulking, Dorman said.

All units in the Marinship Industrial Training School System are being established in conjunction with the National Defense Training System and are under the direct supervision of the State Board of Education. These schools are operated on a 24-hour basis, thus providing unusual opportunities for training.

Free instruction is provided in trades allied with shipbuilding. Anyone wishing to obtain employment in the new Marin Shipyard may enroll. Application for enrollment may be made at any U. S. Employment Office, at the new schools, or at 949 Mills Tower, San Francisco.

British Plane

QUESTIONS AND ANSWERS ABOUT U. S. ORGANIZATION

What is U. S. O.?

The U. S. O. is an organization to help build and maintain the strongest fighting spirit among the men in the armed forces.

How much do the members agencies of U. S. O. receive from the national fund?

None. Through these agencies, trained personnel is provided. All workers are employed by U. S. O.

What is the federal government's connection with U. S. O.?

Close cooperation exists between all departments of the government. Advice on many situations is asked for from the President and the War and Navy departments. U. S. O. is operated for the men who are off duty and on leave. The various governmental departments from time to time request U. S. O. to do a specific job.

By what authority has U. S. O. taken on this work?

The American public demanded something be done. President Roosevelt, the War and Navy Departments and the Federal Security Director officially requested the U. S. O. to take over this important phase of our war effort.

U. S. O was designated by the President's Committee on War Relief together with Red Cross as the two official agencies having first claim on the gifts of the American public.

Does U. S. O. operate outside continental United States?

Yes. At the request of the Army and Navy departments, U. S. O. is operating both inside and outside of the camps in such overseas bases as Hawaii, Alaska, Canal Zone, Australia, South America and elsewhere. Four U. S. O. workers are listed "temporarily missing" in the Philippines.

What funds will be retained by local committees?

A budget for the local U. S. O. Clubhouse has been prepared by the local committee providing for a program to be carried out on a much larger scale in the fiscal year of June 1942 to May 1943. This includes new and larger quarters for the center. Funds for maintaining this budget will be retained by the local committee treasurer from the $20,000 quota set.

How is the money spent?

By direct service to the armed forces through the club houses and units, both here and overseas, and on maneuvers, also through Camp Shows, Inc., which provides free entertainment by professional road shows of hit plays and musical productions. Through the mobil units who are serving men stationed at isolated positions. Only 3/43% of the total raised is being spent for administrative purposes.

TRAFFIC DEATHS DOWN

Traffic fatalities in the United States decreased 8 per cent in February from the same month in 1941, according to the California State Automobile Association. The "decrease" report was the first received from a nation-wide survey since July of 1940.

VETERANS OBSERVE MEMORIAL DAY CEREMONIES SATURDAY

Most places of business in the Township, with the exception of postoffices, which were ordered to stay open this year in order to sell War Bonds and stamps, were closed Saturday in observance of Memorial Day.

Many flags were in evidence and as it was a beautiful spring day, many persons took the opportunity to enjoy an outing.

Promptly at 9 in the morning a group of Legion men assembled at the Memorial Hall in Niles, picked up the Post's colors and the firing squad rifles and fired salutes over veterans' graves and played taps at the various cemeteries.

George Kommes of Centerville directed the firing squad assisted by Commander Sam Scott as Chaplain, Miss Betty Corey of Irvington who played a trumpet, with Comrades Dutra, Duarte, Amaral, Corey, Peterson, Houghton, Reider, Hammond, Gaunt, Veit, Hallstrom and Brazil performing this annual ceremony in honor of our War Dead.

ALL JAPANESE NOW EVACUATED FROM COASTAL CALIFORNIA

SAN FRANCISCO — Lieut. Gen. J. L. DeWitt, commanding the Western Defense Command and Fourth Army, announced Monday that the evacuation of the Japanese from all important cities in Military area No. 1 on the west coast and into Assembly or Relocation centers was complete.

These cities include Tacoma, Portland, Seattle, San Francisco and the entire bay area. San Jose. Sacramento San Diego and Los Angeles.

The only persons of Japanese ancestry authorized to remain and at liberty to go about in these cities are persons employed by certain Federal agencies and their families. These must carry with them, at all times, means of identification. Citizens living in these coastal cities are requested to report, immediately. all Japanese without means of identification, to law enforcement agencies.

It was also reported by the Commanding General that, with the single exception of Yolo County, there were no Japanese not under surveillance in the California portion of Militarq Area No. 1.

San Francisco's Golden Gate Park was created from bare sand dunes in the 1870's by John Mcaren who is still its superintendent.

100 SERVICE MEN HURT EVERY MONTH ON STATE HIGHWAYS

SACRAMENTO — Soldiers, sailors and marines are being killed or injured in traffic crashes on the highways of California at the rate of more than 100 per month, the Department of Motor Vehicles revealed today.

Results of a check made public by Director James M. Carter showed a shocking toll of 7 service men killed and 89 injured in traffic mishaps in a period of less than 30 days. Inasmuch as the reports made on such accidents frequently only designate the drivers as being service men, it may be assumed, Carter said, that many passengers injured in the cars involved, but not identified in official reports, also were servce men.

Such accidents occur most frequently in the vicinity of military camps, it was stated, and illustrate the necessity for cautious driving in such areas. Both military and privately owned motor vehicles are involved.

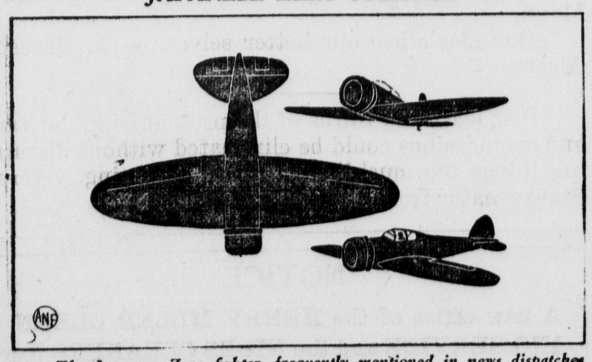
"We are training men to face death on the battle lines — not on the highways," Carter commented. "Every soldier, sailor or marine killed or injured in traffic crashes means one less to help smash Messrs. Hitler, Hirohito and Mussolini. The public can protect our service men and defense workers by driving carefully."

The stork celebrated Memorial Day by delivering a husky nine pound, one ounce boy to Mr. and Mrs. Jack Rees of Centerville; and also left a small daughter on the doorstep of Mr. and Mrs. James Elsea recently. Then he flew away again.

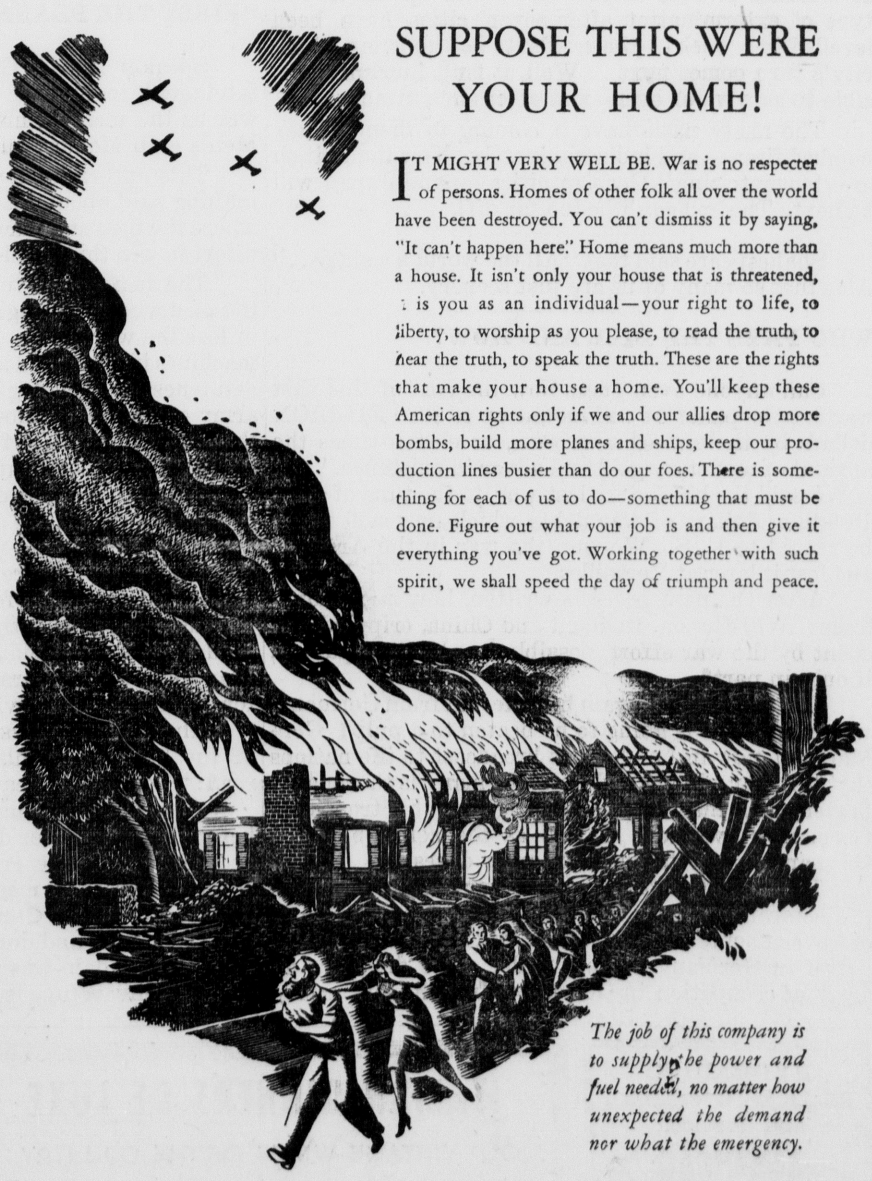
Joe Hoffman of Kraftile is attending a War Production Board course of instructon in San Francisco.

Know the Enemy's Planes

JAPANESE ZERO FIGHTER



The Japanese Zero fighter, frequently mentioned in news dispatches from the Far East, is shown above in silhouette as the eleventh in the series presented by the Aeronautical Chamber of Commerce of America. Officially known as the Mitsubishi Type O single-engine fighter, the ship is a low-wing monoplane with a high enclosed cockpit and a wing span of 37 feet. Built largely of plywood and fabric and powered with a 1,275 horsepower aircooled engine, its extreme lightness is said to give it a speed in excess of 400 miles per hour. This lightness is also its chief weakness. Because it lacks adequate armor for pilot protection, it is especially vulnerable to the swift, all-metal American-built fighter planes which are its chief scourge. Its machine guns, equivalent to American .30-cal. weapons, lack the hitting power of those on Allied planes, though a few Zeros have lately been found using cannon.



SUPPOSE THIS WERE YOUR HOME!

IT MIGHT VERY WELL BE. War is no respecter of persons. Homes of other folk all over the world have been destroyed. You can't dismiss it by saying, "It can't happen here." Home means much more than a house. It isn't only your house that is threatened, it is you as an individual—your right to life, to liberty, to worship as you please, to read the truth, to hear the truth, to speak the truth. These are the rights that make your house a home. You'll keep these American rights only if we and our allies drop more bombs, build more planes and ships, keep our production lines busier than do our foes. There is something for each of us to do—something that must be done. Figure out what your job is and then give it everything you've got. Working together with such spirit, we shall speed the day of triumph and peace.

The job of this company is to supply the power and fuel needed, no matter how unexpected the demand nor what the emergency.

THE NAZIS TAUGHT THE BRITISH HOW

After more than two years of preparation the British, without American help gave the huns a first-hand demonstration of what a real air-blitz was like.

On Sunday they sent 1,250 bombers, most of them four-motored, and many of them carrying eight TONS of bombs, to destroy the industrial city of Cologne, with a population larger than San Francisco's. 1206 of them returned safely, which was not a bad score.

A bomber dumped its lethal load every six seconds, releasing 80 TONS of TNT every minute, rendering anti-aircraft guns and searchlights almost useless in that best-defended city in Germany.

At the end of an hour and a half of this hell-let-loose the tail-end bombers said there were no undamaged military objectives left which were not aflame or had not been levelled. The smoke rose 15,000 feet into the air.

The British have developed a two-TON (4,000 pound) bomb containing an explosive more destructive than the familiar TNT. One of these bombs, many of which were used in Sunday's greatest raid in history, levels a whole block of buildings, regardless of the size of the buildings or the type of construction.

And how would you like to be on the receiving end of these death-dealing monsters which rained from the sky by the hundreds? The slaughter must have been terrific. It took 130,000 men on the ground, by the way, to prepare and load this greatest armada which took off from 60 airfields scattered all over England.

And these death-dealing 1,000 plane missions are to continue nightly, levelling one city after another. If German civilian morale can stand up under this type of extermination after seven cities have been levelled in a week — the residents not knowing which city's turn comes next . . Well, it isn't humanly possible to survive or even exist after such attacks.

The nasty nazis have it coming to them. They bombed first — and indiscriminately. Now the British are "coventrizing" German cities — and Japan will be next. The end can't be too far off!

Shakespeare said that "All the world's a stage . ." Alas that so many of us are just scenery.

WHO PAYS THE BILL AND HOW?

Can anyone even guess how the cost of this vast war is to be paid? It will mount up to $200 BILLION dollars by the end of next year, or eleven times the amount of monetary gold and silver in existence.

We paid the bill for the last war, to the tune of some 18 billion dollars of war debts which now will never be repaid to U. S. We won the war in the Argonne and lost it later at Versailles.

After the next peace is written, how about lend-lease? Will Russia, England and China, crippled and spent by the war effort, possibly be able to repay us, if only in part?

Can reparations again be collected from Germany, which this time is going to be beaten to a pulp? Gen-Marshall, now in London has broadcast to the nations that this war will not end until Germany is thoroughly beaten, and that means land-fighting by troops on Germany's own soil, as well as the aerial bombing Germany is now taking in regular doses.

The next Germany will be carved up into civil protectorates under a constitution and a popular form of government, and the victors will maintain a police patrol in Germany to keep order. We did have an army of occupation in Germany after the last armistice. They should have stayed there until 1933.

The League of Nations made the effort, but failed to use its police power. Perhaps some seeds of peace and good will were sown then which may bear fruit at the next peace table.

There is not money enough in creation to pay for this war. All we can do is wipe the debts off our books, dig up the gold buried at Fort Knox, and begin all over again.

The billions in war bonds, held by the public, will be repaid as the Liberty Bonds of the last war were repaid: by offering new issues to the banks, trust companies and investment houses . . which really only pushes Uncle Sam's obligations on ahead of him, but never really wipes out the national debt.

Back in Hoover's time, only 14 years ago, the national debt was only 18 billion dollars; now it is 76 billions, and soon will be double that.

We will let the government worry about that. We, The People, will continue to live our private lives in the usual way, paying as we go as far as we are able. Only government can hypothecate money, by working in the realm of pure theory.

And that's way over our heads.

The stork is the funniest bird alive — it kids the public!

"FIRST THE PLANNER, THEN THE PLAN. ."

Speaker Robert Gros stressed the importance of intelligent manpower to man the machines of this war as the meat of his able address delivered to the Men's club Monday night at Centerville.

This enthralled hearer was disappointed to hear nothing said about PLANNING: how, and when and where the men and machines were to be placed in their effort to win this cruelest of all wars in modern times.

The men who do the plotting and planning, behind the men who do the fighting, are the ones who will win or lose the war for us. The bravest men and the finest machines in the world are thrown away if sagacity and astuteness are lacking in the planning. The YugoSlav army of several million men was rendered useless in the first two hours of fighting for want of field radios to direct and coordinate the fighting.

Blunders have been made and it is up to our supreme strategists, the ones who plot and plan how and where these men and machines are to be used, not to err. They have the tremendous responsibility of foreseeing and providing for every contingency while outwitting and out-smarting the enemy.

Ideas are as precious in this war as ever, and we pray that our planners pray to the Source of all Ideas for the ideas which will win.

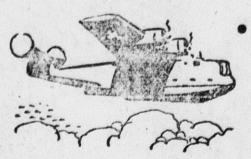
The old military saying that "God is on the side of the heaviest artillery" may now be rewritten to read: "God IS the heaviest artillery."

Astuteness and sagacity are needed now as never before in the plan for disposing our precious forces.

The least little error in The Plan of the United Nations' strategy means probable failure when the plan is executed. Our foes are wily and the devil is their master — and don't belittle satan's cunning, who was before Adam was made.

Our only refuge is in frequent and earnest prayer.

JOIN THE ATTACK ON TOKYO, ...YOURSELF!



Every person in America may not fly over Tokyo, but every one's dollars can help produce the bombing planes that do!

You, you, you, can join the attacks on Tokyo by saving at least 10% of your pay in War Bonds—by joining your company's pay-roll savings plan today or going to your local bank or post office and buying War Savings Bonds —at least 10% of your pay—every pay day.

Remember you can start buying War Bonds by buying War Stamps for as little as 10c and that you get a $25 War Bond (maturity value) for only $18.75.

U. S. Treasury Department

Editorial Page of the Township Register

"KNOW WHAT YOU SIGN"

Branding as "impractical and dangerous" current petitions being circulated to get another "Ham and Eggs" proposal on the November ballot, the executive committee of California Taxpayers' association today urged voters presented with petitions during the next few weeks to read them carefully before deciding to sign.

"The initiative is a privilege of citizens of California which carries with it a full measure of responsibility," the committee declared.

"Initiatives proposing pensions, regardless of need or economic status, have been decisively defeated by the voters at the polls twice since 1938.

"The necessity of debating and defeating these schemes has been the cross of California during peace times; it cannot be afforded in war time.

"Much time and effort can be saved for the war effort if a suffieient number of people refuse to encourage such schemes."

Urging voters to consider carefully all petitions presented to them, the committee suggested that:

"Know What You Sign" should be the slogan of every voter.

The Japs have put peace-loving Americans behind the "hate" ball.

GUAYULE ON ITS WAY

Mention the word tire today and most people get an acute twinge of pain. Around Salinas they don't react that way. They're too busy building a future rubber supply for America.

The speed and scope of the Salinas guayule project are only beginning to be appreciated. San Francisco, which backed Salinas' pre-war efforts to interest the government in its potential rubber source, was impressed to learn recently that since the U. S. Forest Service took on the guayule job, housing facilities were completed in six weeks for 1000 men; 1000 miles of wooded rails were laid in the seed beds; 5000 miles of seed rows were planted; seedlings will be grown for 50,000 acres of guayule.

Monterey County's far-sighted men who made the government guayule-conscious deserve thanks from San Francisco, California, the nation. Guayule is on its way, a new industry in Central California to keep America rolling. — Regional News Service.

According to Olivia De Havilland, who ought to know: "Every man has it in him to make one woman happy — by remaining a bachelor."

ITALY AND JAPAN MADE A BUM CHOICE

It's hard to realize that Italy and Japan are our enemies in this war where they were among our Allies in the last war. These poor, deluded nations will have a lot of explaining and head-hanging to do around the future peace table which will be presided over by the Allies.

The nazi myth is now starting to crumble away and large cracks are occurring in their wall of might. When the nazi ideaology falls Italy and Japan will see the light again. Italy has not attacked us and has no stomach for a war with us.

But the godless Japs have to be, and are being, taught the hard way. When the bombing of Japanese industries (rather than open cities like Tokyo or Manila) becomes a frequent fact, how the "war lords" will squeal! Jimmy Doo-lots said he could have dropped a bomb on the imperial palace; but he did not.

Extermination is too good for them; slow torture is more what they deserve! (Ask the American Indians!)

Ideality is only the avant-courier of the mind, and where that, in a healthy normal state goes, I hold it to be a prophecy that realization can follow. — Horace Mann.

Our ideals are our better selves. — A. Bronson Alcott.

"At least two-thirds of the present State bureaus and commissions could be eliminated without disrupting things too much" says Ralph E. Swing, veteran State senator from San Bernardino.

VIEWS & OBSERVATIONS

By The Editor

WE ARE losing too many good citizens from Niles. On June 15 Mr. and Mrs. Clark Griffin, popular managers of that famous Township institution, the Belvoir Hotel, are leaving for Fair Oaks.

The latter part of June Reverend Day leaves for Pasadena. Mr. and Mrs. Harry Van Horn Jr. and "sprout" are house-hunting in Alameda now. where he has a new position.

Jack Parry,, young man about town, president of the Junior Chamber of Commerce, treasurer of the Men's Fellowship club, and Cub Master, (have I forgotten anything, Jack?) answers the call to the Colors this week.

Reserve Officer Jack Pearson, who drilled the former Township State Guard company, is waiting his call into service.

And many others, particularly the selectees and high school graduates. Of course some few newcomers will come to our community to take up the work left vacant by those departing, so its a case of "speeding the parting and welcoming the coming" residents.

—WW—

RABBLE ROUSER Harry Bridges is again in the unique position of challenging the authority of the entire United States government. A year ago April Congress ordered his deportation; Bridges appealed to the courts and tied everything up.

The authorities have again ordered his deportation; he has again applied to the courts, thus nullifying the power of our government. Granting he has shown a change of heart — and method— since the war began, it is a strange situation when one man can defy the entire United States government.

But that is the democratic way and we have to put up with Bridges until the courts get around to deciding what to do with him. This war is teaching a lot of things to a lot of people, and is not an unmixed evil.

—WW—

MEXICO HAS declared war — "for the first time in its history", according to newspapers and radios. . .

Pardon my ig'nunce: but back in 1848 when we had a slight misunderstanding with our Sister Republic to the south, did we declare war without Mexico following suit? Wasn't it customary — and honorable — to declared war in those good old days?

— WW —

WHAT HAPPENS when the O. F. F. (Office of Facts and Figures) gets way OFF in its figures? It must be off-ul, for a fact!

—WW—

PLACES OF business and private homes throughout the Township are displaying with pride the pretty blue Minute Man window stickers given to all who signed up in the pledge-to-buy War Bonds and Stamps campaign conducted throughout the Township by Air Raid Wardens last week.

The sign-up was almost 100 per cent, showing the eagerness of the American people behind the lines to put up their money to support our fighting efforts at the many front lines . . that the American Way of Life may continue.

—WW—

IT IS surprising how many Township citizens are using the publicity facilities of The Township Register these days, who do not even subscribe for it.

Buh-leeve me, it costs money to run this little business, even as small as it is and every paid subscription is a "joy forever."

I still claim no one can pick up a copy of this newspaper, small as it is, without finding something of interest to them personally in every issue. And the cost is only 4c per week, about the price of one postage stamp. .

Such a business!

—WW—

FLASH! According to present plans, all magazines published in the United States, their circulations totalling 40 million copies, will carry reproductions of the American Flag, and the motto "United We Stand" on their July 4 issues.

Fine idea, what? Stirring up patriotism is another by-product of war.

—WW—

SAYS A political wit, commenting on the forthcoming state election: That old crack about not changing horses in the middle of the stream doesn't seem to apply this year as most folks expect to end up as pedestrians, anyway!

—WW—

THE U. S. is "making knots" now in its re-armament program. Under Secretary of War Patterson states the President's goal of 60,000 planes in 1942 will be surpassed "by a substantial margin"

Chief of Staff Marshall announces there will be 4,500,000 men under arms by the end of 1942 instead of the 3,600,000 originally planned. Some 300,000 men have been inducted during the past [illegible] weeks alone, [illegible]

It is shocking to read that 400,000 men, [illegible] rejected for [illegible]

A COZY BERTH FOR LAND-FARING SAILORS

—USO

These men of Uncle Sam's Navy are but five of the nation's many troops-in-transit to find a home-away-from-home waiting for them in the USO lounges at America's railway stations and bus terminals. These lounges are outfitted with furniture and appointments provided by local citizens committees of USO and in them soldier, sailor, and marine can rest, read and play the radio between trains. USO's troops-in-transit service is one of six special functions assumed at the request of the War and Navy Departments, over and above the original program for clubs near encampments and training stations. USO's six component agencies are the Young Men's Christian Associations, the National Catholic Community Service, the Salvation Army, the Young Women's Christian Associations, the Jewish Welfare Board and the National Travelers Aid Association.

being taught their three Rs now.

It is comforting to hear from the State Department that the U.S. is abiding by the rules of the Geneva prisoners of war Convention, and the German, Italian and Japanese governments are apparently doing the same.

During the month of April 400 000 scrapped automobiles retrieved from auto graveyards yielded 350,000 tons of scrap metal. Thus is an unsightly civilian problem being eliminated, as another beneficial by-product of war.

The manufacture of nearly all musical instruments have been halted. The factories are now turning out items used in the war.

By May 29 the goal of 600 million dollars of War Bonds sold was passed. The sum was $615 million. April sales were $536 million. The June quota as $800 million and in July and each month thereafter the public must somehow buy one BILLION dollars worth each month.

"Buy till it hurts" was the slogan in the last war. We did it then; now we'll do it again. Americans know how.

—WW—

SOLDIERS IN this war's army refer to Uncle Sam as "The Man" thus sensing a Presence, symbolized in a mythological figure as "Uncle Sam". The British have their John Bull; the Republican party symbolized by some olden cartoonist as an elephant, the Democratic party as a mule, etc. etc.

One wonders how these symbols originate and why they are popularly accepted?

—WW—

AND WHO would care to be on the receiving end of a 4,000 pound (two ton) bomb loaded with an explosive more destructive than the familiar TNT?

It is too dreadful to contemplate. These bombs level everything within the radius of a city block, even steel and granite buildings. Surely no human bodies made of flesh and blood can survive the concussion of their explosive fury, even though not hit by bomb fragments.

The loss of human life — most of them innocent of any harm — in the merciless wrecking of Cologne and Essen, with more cities to be similarly "wiped off the map," must be terrific.

But the sentiment generally expressed by we usually soft-hearted Americans is: that the damnazis have it coming to them. And so they have. They invented this wholesale bombing of open cities like London, Coventry, Cracow, Rotterdam, and the Japs over Manila . . now we normally civilized peoples are taking up the cudgels and improving on their technique of terror.

"Vengeance is mine, saith the Lord" and we who acknowledge Him are His people. Right is only on one side: our side.

If all German cities are to be methodically bombed into rubble, we should soon hear an appeal for mercy from Adolph, the crepe-paperhanger. If not, there won't be much Germany left by the end of the summer.

Don't forget that Germany proper is only about the size of the state of Texas. What's left of the bombed city populations can migrate en masse to other cities in conquered territories in Europe, and continue to prosecute the war from there.

The German people themselves, however, as distinguished from the nazis, soon will have no stomach left for this war, — if they ever had any. The blond Bavarian and Saxon and peaceful Wurtemburger want only peace and happiness, the same as we do. I talked to some of them myself overseas while the last war was on. We had German prisoners doing the chores around our camp and they were docile as sheep. They said, even then, they didn't want any part in that war.

Only the brutal Prussian with his black heart of hatred serves Mars and Wotan — and forgets our Lord; and they are the ones now wearing nazi syastikas who have infected weak-minded people everywhere with their serpentine poison. They are the ones we all have to exterminate. Hence this war, as brutal as the slaughter of the Old Testament days. But we Christians know our Savior did not die in vain.

MASONIC HOME NEWS

By J. H. HEATH

So far as can be learned a Memorial Day Service was conducted for the first time last Saturday at the Masonic Home.

In inaugurating the service Superintendent J. R. Eubanks put into execution the thought of many residents of the Home of the fitness of such a service in honor of the memory of the family circle who have passed on. And the executive in receiving congratulations for his enterprise in establishing the custom.

Superintendent Eubanks conducted a Lodge of Sorrow in the assembly hall Saturday, the evening of Memorial, along lines similar to such annual services held by all the lodges of the Benevolent Order of Elks. He did this by a setting representing leading features of gatherings of Masonic Lodges and in accordance with the Ritual of the Masonic Fraternity. For the purposes of the service Mr. Eubanks, a Past Master of San Mateo Lodge, 226, acted as Master. The Station of Senior Warden was filled by Perry Riley, Lakeshore Lodge, 551, Oakland, and that of Junior Warden, by Frank Hullinger, Sequoia Lodge, 349, Oakland. While the Station of Chaplain was represented by Wilbert S. Condon, Apollo Lodge, 396, Alameda.

The two sections composing the Square and Compass, decorated in separate units, with white roses, were taken from the stations of the Wardens and placed on a crepe covered Catafalque at the right of the Master, with impressive ritualistic ceremony, the Master placing the letter "G" of evergreen trimming, as the "ALL-SEEING EYE" in the center of the beautiful Square and Compass.

During the service Home Matron Virginia Lord accompanied by Frank H. Andrews, Durant Lodge, 268, rendered two solos, "Onward Christian Soldiers" and "America".

The 500 graves for men members of the Home, in the pretty 10 acre Masonic Home Cemetery, one mile distant, on the Oakland-San Jose boulevard, were nicely decorated before sunrise Memorial Day, under direction of Superintendent Eubanks who provided transportation for all residents wishing to visit the cemetery between the hours 9:30 and 11 a. m.

Modest bouquets of red geraniums were placed at the head of each grave, beside the marble markers bearing the names of the deceased. Relatives and friends at the Home and outside placed special bouquets at the graves in which they were interested. Expressions of appreciation were heard for Supt. Eubanks making it possible for so many to visit the plot, for which Oscar Haupt is the Home Custodian.

California's 1941 mineral production is estimated at $367,784,000 an increase of seven per cent over the preceding year.

LETTER BOX

Masonic Home
June 1, 1942

My dear Mr. Waynflete:

Through your newspaper, I wish to voice appreciation and thanks in behalf of the members of the Home, many of whom, due to the infirmities incident to advanced years, needed a little assistance, getting to and returning from the polling place in the Union High School election of trustee on May 15th, so kindly extended by those in charge of transportation arrangements.

These included Mesdames Ernest Martin, Ralph Emerson, E. E. Dias, and L. A. Solon, chairman.

Equal appreciation and thanks is also directed to the trio of ladies officiating on the election board, viz; Mesdames Emma Amaral, Kate Goularte and Rosida Cunha.

Sincerely yours,
James H. Heath

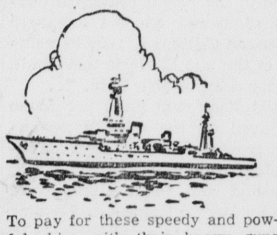
What You Buy With WAR BONDS

Navy Cruisers are built in two classes, light and heavy, the latter displacing about 10,000 tons. Our navy has about an equal number of light and heavy Cruisers, the 10,000 ton Cruiser costing approximately $20,000.000. Many Cruisers are under construction and many more are needed.



To pay for these speedy and powerful ships with their heavy guns and armament we must buy War Bonds. Citizens of a large town or a given community, working in unity, could buy one of these ships for the Navy if they put at least ten percent of their income in War Bonds every pay day.

U. S. Treasury Department

DR. JAMES ROWLAND ANGELL

As a psychologist, Dr. Angell, president emeritus of Yale University and public service counsellor of the National Broadcasting Company, publicly commended USO (United Service Organizations) as a factor of vital consequence to national morale. Providing organized recreation to American troops and, to some extent, workers in overburdened centers of war industry, USO comprises these six agencies: the Young Men's Christian Associations, the National Catholic Community Service, the Salvation Army, the Young Women's Christian Associations, the Jewish Welfare Board and the National Travelers Aid Association.

LIVERMORE RODEO DEDICATED TO NAVY RELIEF

Inaugurated in 1918 as a benefit for the Red Cross, the annual Livermore Rodeo again assumes patriotic duty as the 1942 show, to be presented June 13 and 14, is staged as a benefit for Navy Relief. From that war-time performance of 24 years ago has developed one of America's greatest community events, an outstanding spectacle which has earned the title of the "World's Fastest Rodeo."

Brahma bull riding, thrilling conflict between champion cowboys and the ferocious hump-backed cattle, takes status with bronc riding as a major event this year. Equal purses are offered for the two events, and Brahma riders will contest in final rides to determine the title winner, just as bronc riders have done for many years.

More than 30 events are on the Livermore Rodeo program which opens each afternoon at 1:30 as hundreds of horses and riders present a colorful spectacle of Western pageantry in the grand entry. In addition to the two big riding events, arena contests include bareback riding, amateur bronc riding, steer wrestling, calf roping, and wild cow milking. Running simultaneously is the track program, replete with thrills in pony express, relay, and Roman races, daredevil trick and fancy riding and roping, and horse exhibitions.

Dancing and carnival attractions are highlights of the Rodeo Frolic, Saturday night, June 13. Stockhorse, hackamore, and Palomino classes will be judged at the grounds Sunday morning in a special free attraction.

Children of elementary school age will be admitted free Saturday if accompanied by an adult.

CHINESE ORATOR WINS JAPANESE CONTEST TROPHY

CENTERVILLE — Miss Inez Fong, member of a well-known Chinese family of Niles won first place in the recent oratorical contest sponsored by the Japanese American Citizens League in memory of the late E. Marie Sandholdt, former dean of girls here.

Miss Fong will have her name engraved on the school's permanent trophy and may keep an individual trophy.

Second and third places were won by Eugene Corriea and Walter Texera. Judges were Mrs. J. R. Truscott, Mrs. G. W. Wright and E. Dixon Bristow.

San Francisco has the most comprehensive anti-gas warfare program of any large community in the United States, according to Federal officials.

Brass for the Kiss of Death

Passed by Censor

THE lipstick case being held aloft by pretty Pauline Dechene of Ottawa, Canada's capital city, is a pre-war model but it is first cousin to the 303 calibre cartridge she is holding in her other hand. Both are made of brass, which under war-time regulations can no longer be used for such decorative purposes as lipstick containers. Curtailing and banning civilian use of materials vital to the prosecution of the war, Canada is building a swiftly-growing machine to produce the weapons of war as part of its contribution to the United Nations program. In addition, Canadians are fighting side by side with their allies in the field, in the air and on the seas. An impressive part of the picture is the program of financial aid Canada is extending to Great Britain. It includes a direct gift of $1,000,000,000 in munitions, raw materials and foodstuffs; plus an interest-free loan for the duration of the war of $700,000,000. These measures, to quote Finance Minister Ilsley, "reflect the determination of this nation to contribute everything possible to the general cause."

TWO BOYS FACE TRIAL FOR STEALING TIRES

Trial will be held today in Niles Justice Court of Anthony Gudino, 19, charged with removing two wheels with tires from the automobile in Manuel S. Caldera's garage on Wednesday night of last week. The youth and a 15 year old companion were picked up after allegedly trying to sell the wheels and tires at a Hayward service station. The younger boy has been certified to the Juvenile Court.

Two other juveniles in the Niles court, aged 4 and 5 and a half years respectively, were severely lectured by the Judge and Deputy District Attorney Joe Schenone after they reportedly had broken about 15 stained glass windows valued at $800 in the Holy Rosary Church at Decoto. Father Timothy Hennessy, pastor, who found the rocks and broken glass inside the church, said he did not wish to prosecute.

PRE-SCHOOL CENTER CLOSES FOR DURATION

CENTERVILLE — The 20 children under five years of age who comprised the pre-school play center, the Township's first public nursery school, exhibited cans they had collected at a party which closed the school for the duration.

Mrs. Minnie Belkle, director of the group for the past six months is being transferred elsewhere to supervise children of defense workers.

IRVINGTON SCHOOL GRADUATES 26 AT WEDNESDAY EXERCISES

IRVINGTON — A class of 26 pupils received their diplomas of graduation from the Irvington Elementary School at pretty exercises held Wednesday evening in the school auditorium. J. R. Silveria, clerk of the board presented the diplomas.

Father Hugh Ryan pronounced the invocation and then a pageant on Democracy and Americanism called For All was presented by members of the student body.

Mr. Edgar Muller, county superintendent of school delivered the graduation address and was presented with a Year Book by the eighth grade class. The orchestra, directed by Mr. Dwight Thornburg, played several selections.

Songs and dance numbers were contributed by the pupils and a chorus of fourteen voices sang additional numbers.

SERVICES HELD AT IRVINGTON FOR JAPANESE

IRVINGTON — The unusual sight of seeing a Japanese family in the Township occurred here on Monday when the Hiroji Furusho family was given permission to leave the Tanforan Assembly Center to attend funeral services held at the Berge Mortuary here for the first Japanese person to die at the Tanforan center.

Mrs. Matsuye Furusho, 45 was laid to rest. She is survived by her husband and four children. The family formerly resided on the Mowry Road and were among the 600 Japanese evacuated from this Township.

SCHOOL PLAYGROUND WILL BE OPEN AT CENTERVILLE

The Centerville Elementary School playground will be open throughout the summer from 10:00 until 5:00 o'clock daily except Sunday.

Mrs. Anna Hall has been assigned as a Junior Recreation leader, and she will be most happy to consult with any parents who would like to leave their children at the school.

The Board of Trustees, composed of Mr. Manuel Oliveira, Judge Allen G. Norris, and Mrs. Ernest J. Sabina, have kept the facilities of the school available to the general public for the last seven summers.

RATIONING BOARD ALLOTS NUMBER OF TIRES, RETREADS

An extra allotment of retreads for the Washington Township rationing board boosted the list of successful applicants last week with grants to the following:

Lawrence W. Pine of Niles, defense worker, two new passenger tires and one new tube; new passenger tubes, Clyde Voorhees, naval instructor at St. Mary's College, one; Howard C. Pond, cowtester, one; George Freitas, defense worker, two, both of Newark; Michael C. Palmerin, Decoto defense worker, one (also three passenger retreads); Noah J. Hughes, Irvington defense worker, two.

Passenger retreads were granted to the following Niles defense workers: George Geib, four; William R. Strong, four; Antonio Corral, two; Brearte Joseph, two; Henry Marin, two; Arle H. Ray, two; Earl Teeter, three; Ernest E. Picha, two; John D. Galvin, superintendent of Alameda County corporation yards, four; Antone F. Vargas, Niles farmer, two; Antonio M. Alves, Niles fire chief, two; Alfred Andrade, Mission San Jose defense worker, two; Edward A. White, Newark defense worker, two; Howard C. Pond, Newark, cowtester, two; George Freitas, Newark defense worker, two; Noah J. Hughes, Irvington defense worker, two; Edward Mara, Decoto defense worker, two.

Obsolete truck tires were granted to Paul Gygax Sr., Newark grocer, three; Joseph Pierce, Centerville defense worker, two obsolete passenger tires.

New truck tires were granted to L. E. Silva, Niles farmer, six, also six new truck tubes; Frank Horat of Centerville, farmer, one tire and one tube; Mission San Jose grammar school, one tire; Roy J. Gomes, Newark farmer, one tube.

Truck retreads were granted to Roy J. Gomes of Newark, three; E. E. Dias, Niles contractor, two; E. H. Hirsch estate, farmer, three; David Escobar, Irvington farmer, two; Harold Millard, baker broker, and J. R. Telles, farmer, both of Mission San Jose, granted two each.

Additional grants by the rationing board included the following retreads: James H. Standhope and Paul C. Harding, four and two respectively, both Niles defense workers; Joseph Goularte, Alvarado defense worker, two; H. C. Hightower, Warm Springs defense worker, four; Tony Robert Lopez, Southern Pacific worker at Niles, two; Dewey Smalley, Irvington defense worker, three; St. Mary of the Palms school, two retreads and one new tube; Cloverdale Creamery at Centerville, six retreads; Father Richard Barron of the Holy Ghost Church at Centerville, one new tire; Frank Tedder, Newark defense worker, one new tire, one new tube and one retread.

NEW PASTOR HERE

CENTERVILLE — Mr. Philip O. Evaul of Haddon Heights, New Jersey, and his bride have arrived from Kentucky to take residence in the Presbyterian Manse here. He succeeds Mr. Arthur Kirk as pastor of the Irvington Community Church and as assistant to Reverend J. L. Webster in the Presbyterian churches at Newark and Centerville.

CLARK GRIFFINS ARE LEAVING NILES FOR FAIR OAKS

Mr. and Mrs. Clark Griffin, popular operators of the Hotel Belvoir, a Southern Alameda County institution will serve their last meals to their many guests on June 15, and are leaving the community about July 1 for Fair Oaks, just out of Sacramento, where he will work wth the Pacific Coast Aggregates company. They have managed the hotel here for seven years.

It is hoped some one else will lease the property in time to take over before the Griffins leave.The good wishes of their many friends here follow them to their new place of residence.

NILES STUDENT RECEIVES HONORS AT STATE COLLEGE

Miss Mary Virginia Bristow of Niles, who is president of the Kappa Sigma sorority at San Jose State College has also been named one of the seven representatives on the student council and has been elected to membership in Kappa Delta Pi, national honorary educational society.

She is the daughter of Principal and Mrs. E. Dixon Bristow of Niles.

RECEPTION BIDS GOODBYE, GODSPEED TO REVEREND DAY

A friendly and heart warming reception was held last Thursday evening in the Giuld rooms of the Niles Congregational Church, in honor of Reverend R. C. Day, who has resigned by reason of poor health. The rooms were prettily decorated in spring flowers and a large table, covered with a lace cloth, lighted candles and a large centerpiece gave a fiesta atmosphere to the evening.

The rooms were entirely filled with members of the congregation and friends who gathered to wish him Godspeed. Walter Waynflete served as master-of-ceremonies in the absence of E. F. Glassbrook, president of the Men's Fellowship club, who was confined to his home with a cold.

Carleton Brown of the high school faculty led group singing of popular airs, with Mrs. Brown at the piano. Mr. Brown then sang several numbers in his rich baritone voice.

Mrs. Catherine Parry and Mrs. George Karel sang A Perfect Day and Miss Juanita Galvin played a concerto selection on the piano.

Mr. Waynflete then presented Mr. Day with a going away present, purchased for him by members of the Church and by his many friends throughout the community. Mr. Day responded with an expression of his appreciation and made a brief address of gracious farewell to his "flock."

Refreshments of sandwiches, punch and coffee prepared by the Women's Guild and the Sanford Circle were served buffet style in abundance, with the Guild president, Mrs. E. C. Dawson, supervising.

Mr. Day is occupying the Manse through June and plans to go to Pasadena to visit his daughter late next month.

TEACHER NAMED

ALVARADO — Miss Hila Hughes, sister of the late Mrs. Laura Orelli of the Alvarado grammar school, has been elected to fill the vacancy caused by the recent death of Mrs. Orelli. Miss Hughes has been teaching at Pacific Grove Principal J. C. Wasley and other members of the faculty were re-elected.
